Customized Messages...With Music...On Hold

Dear Valued Customer,

Thank you for allowing **HoldTime.Net** the opportunity to provide your message-on-hold service. You may now be aware why having professional on-hold messages has grown to be one of the most popular and productive ideas for businesses and callers alike. **It's similar to having your best salesperson, public relations person and professional spokesperson rolled into one.**

With that in mind, we are looking for other companies that you think would benefit from our service. And best of all, **we'll pay for the information!** For each name you share with us, and who signs up, we'll send you a **\$100 Gift Certificate** to your favorite restaurant or shopping place!

Could you provide us with three to five contact names for companies in which you would recommend our service? We'll call them and fax information, and if they sign up, **you** get a gift certificate! If all five sign up, you get five gift certificates! It's that simple, so write them down, fax them to us at **859-223-1691** and then eat or shop till you drop!

Thanks for your help!

Sincerely,  
The Account Executives of HoldTime.Net
